# Branched-Chain Alpha-Ketoacid Dehydrogenase Kinase (BCKD) Antibody

Catalogue No.: abx013278

Western blot analysis of extracts from 293 cells and Jurkat cells, using BCKD antibody.

Immunofluorescence analysis of HeLa cells, using BCKD antibody.

Rabbit polyclonal antibody against BCKD protein. Immunogen region is N-terminal.

|                               |                                                                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | BCKD                                                                                                                              |
| <b>Reactivity:</b>            | Human, Mouse, Rat                                                                                                                 |
| <b>Host:</b>                  | Rabbit                                                                                                                            |
| <b>Clonality:</b>             | Polyclonal                                                                                                                        |
| <b>Tested Applications:</b>   | ELISA, WB, IF/ICC                                                                                                                 |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/3000, IF/ICC: 1/100 - 1/500, ELISA: 1/20000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from N-terminal of human BCKD.                                     |
| <b>Purification:</b>          | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                                       |
| <b>Form:</b>                  | Liquid                                                                                                                            |
| <b>Isotype:</b>               | IgG                                                                                                                               |

**Conjugation:** Unconjugated

**Storage:** Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.

**Swiss Prot:** [O14874](#)

**Enzyme Commission Number:** EC 2.7.11.4

**Buffer:** PBS (without  $Mg^{2+}$  and  $Ca^{2+}$ ), pH 7.4, 150 mM NaCl, 0.02% sodium azide, 50% glycerol.

**Note:** This product is for research use only.
