Annexin V Apoptosis Detection Kit (PE)

Catalogue No.: abx290015

Annexin V Apoptosis Detection Kit (PE) is an Apoptosis Detection Kit conjugated to PE for use with mammalian samples.

Target:	Annexin V
Reactivity:	General
Tested Applications:	IF/ICC, FCM
Form:	Liquid
Conjugation:	PE
Storage:	Store in the dark at 2-8 °C
Molecular Weight:	35.9 kDa
GeneID:	<u>308</u>
Buffer:	PBS, 0,09% sodium Azide, may contain carrier protein-stabilizer.
Note:	This product is for research use only.
