Annexin V Apoptosis Detection Kit (Biotin)

Catalogue No.: abx290017

Annexin V Apoptosis Detection Kit (Biotin) is an Apoptosis Detection Kit conjugated to Biotin for use with mammalian samples.

Target: Annexin V

Reactivity: General

Tested Applications: FCM

Form: Liquid

Conjugation: Biotin

Storage: Store in the dark at 2-8 °C

GeneID: [308](#)

Buffer: The conjugate is provided in liquid form in buffer containing Antibody Stabilizer, PBS, pH 7.4.

Note: This product is for research use only.
