

Anti-Human CD44, Clone MEM-263 Monoclonal Antibody

Catalog No: MON2067

Size: 100 µg

Clone: MEM-263

Specificity: The antibody reacts with human extracellular (N-terminal) domain of CD44 antigen (Phagocyte glycoprotein 1). Immunogen: COS-7 (African Green Monkey).

Immunoglobulin

Type: Mouse IgG₁

Use: The antibody can be used for Western Blotting (non reducing conditions), Flow Cytometry and Immunoprecipitation

Presentation: 100 µg in solution (phosphate buffered saline with 15 mM sodium azide, pH 7.4).

References: Unpublished.

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
