

# GSDME Antibody

|                            |                                                                                                                                                                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA006766ESR2HU                                                                                                                                                                                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                                                             |
| <b>Uniprot No.</b>         | O60443                                                                                                                                                                                                                                    |
| <b>Immunogen</b>           | Recombinant Human Gasdermin-E protein (1-260AA)                                                                                                                                                                                           |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                                                                    |
| <b>Species Reactivity</b>  | Human                                                                                                                                                                                                                                     |
| <b>Tested Applications</b> | ELISA, IHC; Recommended dilution: IHC:1:20-1:200                                                                                                                                                                                          |
| <b>Relevance</b>           | Involved in apoptosis and cell survival. Plays a role in the TP53-regulated cellular response to DNA damage probably by cooperating with TP53.                                                                                            |
| <b>Form</b>                | Liquid                                                                                                                                                                                                                                    |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                                                                                            |
| <b>Storage Buffer</b>      | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                                                                                                                                                         |
| <b>Purification Method</b> | Antigen Affinity Purified                                                                                                                                                                                                                 |
| <b>Isotype</b>             | IgG                                                                                                                                                                                                                                       |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                                                                |
| <b>Alias</b>               | Gasdermin-E (Inversely correlated with estrogen receptor expression 1) (ICERE-1) (Non-syndromic hearing impairment protein 5) [Cleaved into: Gasdermin-E, N-terminal (GSDME-NT); Gasdermin-E, C-terminal (GSDME-CT)], GSDME, DFNA5 ICERE1 |
| <b>Species</b>             | Human                                                                                                                                                                                                                                     |
| <b>Research Area</b>       | Neuroscience                                                                                                                                                                                                                              |
| <b>Target Names</b>        | GSDME                                                                                                                                                                                                                                     |
